**NARRATIVE:**

Robert Anthony Bell has an extensive adult criminal history that began at the age of 20. His convictions include battery on a peace officer, possession of a firearm by felon, possession of a dagger, disturbing the peace, trespassing, battery, burglary, weapons violations, multiple convictions for receiving stolen property, multiple convictions for possession of controlled substances, false identification to a peace officer, under the influence of PCP, under the influence of a controlled substance, and failing to report. He has served multiple state prison terms the longest a 3 year term for possession of a firearm by felon. Bell was released from state prison to the supervision of the Los Angeles County Probation Department on September 6th, 2013. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in July 2014 after he absconded from post release community supervision (PRCS). Bell qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for possession of a controlled substance is defined as non-serious and non-violent under the California penal code. His criminal history and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
